United Way of Broward County is the community architect of solutions for challenges faced by many people in our community. The goal is to help people reach their fullest potential through a quality education, give families the support they need to earn, keep and grow assets, and educate individuals about making informed decisions concerning their health.

United Way, along with community volunteers who are experts in their fields identify specific unmet needs, and then seek partners and funds to develop programs delivering measurable results. Through a collaborative approach, the best people, ideas, talents and resources are brought together to tackle challenges head on and create long-lasting positive changes in Broward County.

MISSION

To focus and unite our entire community to create significant lasting change in the impact areas of Education, Income and Health – the building blocks for a better life – which positively impacts people’s lives.

VISION

United Way of Broward County will be the catalyst for change and convener of partnerships that unite hearts, minds and resources within our community.
Dear United Way of Broward County Supporters,

On behalf of Broward County, we would like to thank our volunteers, donors and advocates for investing their passion, expertise and resources to create opportunities for a better life for all.

United Way’s mission is to focus on finding solutions to the challenges faced by many people in Broward County. Our strength is convening partners and experts to encourage a unified approach to a community challenge and then identifying and creating solutions for any gaps in service.

During the 2012-13 fiscal year, United Way implemented initiatives to tackle some of these community issues. Last fall ReadingPals, a three year literacy program, was launched in three schools and one day care center to help children read at grade level by the end of third grade.

In January, United Way launched Mission United, a critical program supporting the US military and their families by helping them re-acclimate to civilian life. It is through this initiative that we were awarded a $2 million grant from the Supportive Services for Veterans Families Program, which is a division of the U.S. Department of Veteran Affairs, to reduce veteran homelessness in Broward.

In the following pages you will read about the impact these initiatives and others have had on our community. In addition, we have provided an overview of the significant work accomplished in our Community Impact focus areas: Pathways to Prosperity, Emergency Needs, Improving Peoples Health, Mission United, Substance Abuse Prevention and Youth Success. You will also read some amazing stories about the people whose lives have greatly improved thanks to your compassion.

As we enter our new fiscal year, United Way of Broward County will be celebrating its 75th anniversary. Our community would look very different without your support and an organization like United Way. Over the past 75 years, through your generosity, United Way has invested more than half a billion dollars into our community.

We hope in another 75 years, when we are celebrating our 150th anniversary, United Way of Broward County will continue to be an architect for community solutions and the backbone organization serving Broward County.

On behalf of all of us at United Way, thank you for your continued dedication and support.

C. Kenton Hetlage
Chairman, Board of Directors
United Way of Broward County

Kathleen Cannon, LCSW
President and CEO
United Way of Broward County
YOUTH SUCCESS: Helping children and youth achieve their greatest potential through early learning and leadership programs.

YOUTH SUCCESS STATS: More than 1,480 clients and families served by 16 programs and one initiative with a total funding of $826,000.

ReadingPals
ReadingPals is a three year early literacy initiative for children kindergarten through third grade. The program focuses on ensuring these children have been exposed to the wonders of literature and are reading at grade level by the end of third grade. United Way of Broward County engages, trains and deploys volunteer “reading pals” in our community. These volunteers dedicate an hour a week for 25 weeks to read in individual or small group settings. ReadingPals also provides the children with age appropriate books they can begin to enhance their at-home library.

Achievements:
✔ Part of the curriculum of three public schools and one child care center.
✔ More than 165 children had a “reading pal” visit them each week for 25 weeks
✔ Over 100 volunteers, parents and teachers gave their time to enhance early literacy.
✔ Provided six books to each child in kindergarten through third grade who attended the three schools.
✔ Overall increase of 5 percentage points of the (Probability of Reading Success) PRS for all students.
✔ Students showed a 65% increase in their PRS, while 43% of students showed a significant increase of 10 or more percentage points.
✔ Year ended with 27% of students at the highest level for the PRS, which was a 56% increase in the number of students identified at this high level during assessment period one.

Partners: Children Movement of Florida, Broward County Public Schools, Children Services Council and Carol and Barney Barnett

READING PALS
Have you ever heard of the saying, “It only takes a moment to make an impact”? Terry can certainly attest to the truth of that statement. Through United Way of Broward County’s ReadingPals initiative, Terry dedicates his time each week and made a positive impact on Serenity’s life forever.

“My parents always read to me as a child,” said Terry. “I never really thought about the impact it had until I was much older, but now I am happy to do the same for other children.”

Terry met with Serenity weekly and would spend an hour reading her books. Gradually, Terry could not only see Serenity’s reading and comprehension skills improve, but her confidence grew as well. It wasn’t long before Serenity had “Five Little Monkeys” completely memorized.

Thanks to United Way of Broward County’s ReadingPals initiative and volunteer “reading pals” like Terry, children are improving their reading comprehension skills and reading at the correct grade level. When it comes to ReadingPals, it only takes one hour a week to make a positive impact in a child’s life that will last a lifetime.
“It only takes one hour a week to make a positive impact in a child’s life.”
**Sunland Park Early Achievers**

Sunland Park’s Early Achievers focuses on Sunland Park Academy students in kindergarten through second grade. The goal is to increase the readiness of students before they begin taking the FCAT tests in third grade. Efforts included intensive in-class and after school tutoring and mentoring, as well as family literacy programs and parent involvement opportunities.

**Achievements:**

- The Early Achievers initiative served 60 students in kindergarten through second grade.
- Students enrolled in the program increased their Probability of Reading Success (PRS), by 70% while students not enrolled in the program increased their PRS scores only by 34%.
- Of the students enrolled in the program, 80% passed the FCAT, while only 43% not enrolled in the program passed.

**Partners:** Community Based Connections, OIC of Broward County, Our Children Our Future and Sunland Park Academy

---

**Center for Working Families**

The Center for Working Families is a comprehensive prosperity initiative helping individuals and families on a path toward permanent self-sufficiency. Earn it – increasing earnings and income. Keep it – reducing financial transaction costs. Grow it – building wealth.

**Achievements:**

- More than 600 families were served.
- More than 65% of unemployed participants were employed within 12 months.
- Increase in savings for 85% participants.
- Over 70% of participants reduced their debt and/or improved their credit scores.

**Partners:** Urban League, Hispanic Unity and Branches, Inc.
"I love my car. It’s not just mine, it’s our family car, and it changed our lives."
**IMPROVING PEOPLE’S HEALTH** Ensuring people have the opportunity to achieve optimal health.

**IMPROVING PEOPLE’S HEALTH STATS:** More than 9,600 clients and families served by 24 programs with a total funding of $1,642,985.

**Achievements:**
- More than 243,700 nutritious suppers were served to at-risk youth. As a result, youth reported an increase in the selection of healthier food options.
- Nearly 600 Broward County residents received free or low-cost healthcare. This is a 462% increase over the goal of ensuring 125 people had access to free medical attention.
- Mammograms and/or pap smear screenings were received by 225 low-income women; this represents a 180% increase over the projected goal.
- Nearly 90% of HIV positive individuals who received life skills and medication adherence counseling stabilized or improved immunity to slow the progression of HIV to an AIDS defining illness.

**SUBSTANCE ABUSE PREVENTION** Helping children, youth and families to live healthy and drug-free.

United Way of Broward County’s Commission on Substance Abuse is the county’s broad based substance abuse prevention coalition dedicated to reducing substance use/abuse and all its devastating consequences on individuals, families and communities for the past 25 years.

**Achievements:**
- Nine lives saved per week as deaths caused by prescription drug abuse declined by 18% in 2012.
- A total of 12,000 adults and 19,000 youth were impacted through our community partners substance abuse prevention and treatment programs and services.
- Anti-drug/alcohol media messaging and other strategies reached 40,000 families.
- Brought Choose Peace, a youth violence prevention initiative, to more than 130,000 youth in 140 schools.

**Partners:** *Childrens Services Council and School Board of Broward County*

---

**BROWARD YOUTH COALITION**

Walk in the shoes of a teenager and you may be shocked by the pressures these young adults face day in and day out.

In order to have a significant and meaningful impact on teens, United Way of Broward County’s Commission on Substance Abuse created the Broward Youth Coalition (BYC). This group of high school leaders come together to develop and implement positive, social change activities for underage drinking, substance use/abuse, bullying and peer pressure.

Chrisnatha found out about BYC while she was a student at Fort Lauderdale High School in 2001. Chrisnatha credits her time with BYC for inspiring her current career as a motivational speaker and author. As a result of her proven success at spreading positivity and making an impact on teenager’s lives, Chrisnatha was asked to serve as the Keynote Speaker at the Coalition’s annual Leadership Training Institute. Her message was about how important the teenage years are in forming who a person will become as an adult.

“Thanks to the efforts of United Way of Broward County’s Commission on Substance Abuse, programs like BYC will change the lives of teenagers. I am living proof it is possible to create your own path in life, free from the pressures of bullying and substance abuse.”

“Stay strong, lean on your friends and resist the urges of peer pressure.”
MISSION UNITED: Assisting Broward’s Military as they re-acclimate to civilian life.

MISSION UNITED STATS: More than 800 military families have been served through Mission United with a total funding of $500,000.

MISSION UNITED is a critical program supporting US military service members, veterans and their families in Broward County by helping them re-acclimate to civilian life. Key focus areas include employment, education, health, legal assistance, emergency financial aid, and housing. Through MISSION UNITED, United Way of Broward County aligns existing services and creates solutions where there are gaps in support.

Achievements:

✓ MISSION UNITED served more than 800 military service members, veterans and their families
✓ Free legal assistance has been provided to 200 clients
✓ MISSION UNITED has partnered with 50 local employers who have committed to hire veterans
✓ More than 150 veterans have received assistance in their transition to civilian employment
✓ Over 70% of returning veterans maintained or regained structure and functionality within their family unit after nine months

Partners: JM Family Enterprises, Inc., Roy and Kathryn Krause, AutoNation, Inc., Chase, Nova Southeastern University, Comcast and Sun-Sentinel

EMERGENCY NEEDS: Providing emergency food, clothing and shelter.

EMERGENCY STATS: More than 496,500 clients and families were served with more than one million pounds of food.

Project Lifeline

Project Lifeline is United Way of Broward County’s response to the increased demands placed upon agencies and organizations throughout the community due to the economic hardships now facing so many of Broward County’s families. Commencing in May 2009, this initiative coordinates the bulk purchase and delivery of nutritious food, including fresh fruits and vegetables, meats, rice, beans, and grains to a network of approximately 35 food banks and feeding programs in Broward County.

Partners: The Jim Moran Foundation and the Watts Foundation

MISSION UNITED

It is no secret the transition from military to civilian life has proven to be most challenging for many men and women. Unemployment rates are high, and it has been estimated that 22 veterans commit suicide each day.

Sonny is all too familiar with the statistics. He served in the 1ST Ranger Battalion of the 75th Ranger regiment in Special Operations Command.

After four long tours, Sonny returned home and began his transition back to civilian life. His difficulties were intensified as he began to struggle with Post Traumatic Stress Disorder (PTSD).

Sonny’s PTSD manifested itself in the form of depression and substance abuse. Fortunately, he was able to pull himself out of the hole he had dug himself into and is now gainfully employed and a proud husband and father.

“MISSION UNITED has filled me with a sense of pride as I witness the community coming together to assist veterans as they make the transition from military to civilian life. The organization has opened my eyes to many benefits and programs I did not know existed for veterans.”

Thanks to veterans like Sonny and the services provided through MISSION UNITED, our local heroes will receive the support they deserve when they return home.
"I am filled with a sense of pride witnessing the community coming together to assist veterans."
