MISSION UNITED

Assisting Broward Veterans as they acclimate to civilian life

There are many challenges facing Veterans and their families as they acclimate to civilian life. For example, more than 65% of Veterans struggle with translating their military skills and experiences in a way hiring managers can understand. Veterans also self-report an underemployment rate which is up to 30% higher than civilians. As a result, Veterans are twice as likely to become homeless during a crisis and experience homelessness twice as long as non-Veterans. These are just a few of the difficulties facing our Veterans.

United Way of Broward County realized Veteran services were disjointed, hard to navigate and included program gaps, so they created MISSION UNITED.

Why MISSION UNITED?

MISSION UNITED is a critical program supporting U.S. military service members, Veterans and their families in Broward County by helping them acclimate to civilian life.

Key focus areas include:

- Housing Support
- Employment Services
- Education
- Legal Assistance
- Health
- Financial Stability

MISSION UNITED provides this comprehensive support through a 24 hour hotline (954-4-UNITED) and via the website MissionUnitedBroward.org. Veterans or family members receive a case manager who evaluates their needs and works with them to ensure they receive the services they have earned.

THEIR OWN WORDS...
