

Behavioral Health Conference 2019

FEATURED SPEAKER:

Francine Ward, Esq.

A professional speaker since 1995, Francine has engaged audiences large and small with her compelling story of triumph over insurmountable odds. Her authentic, impassioned message motivates and inspires audiences no matter what industry or background.

Once upon a time all the odds were stacked against Francine, from drug and alcohol addiction, living in poverty on the streets of New York City, to being trapped in a life of ill repute. Today Francine lives a blessed life traveling the world, owning two beautiful homes in California, the admiration of a loving husband, supportive friends and family, is a published author, and owns and operates a thriving legal practice. With 30 years of recovery under her belt, Francine is also a pillar of strength and support to those wrestling with addiction.

In her engaging, intelligent and often humorous style, Francine shares more than her story, she imparts her audience with a renewed conviction that anything is possible. She expounds upon her unique concept of Esteemable Acts and she gets real with the audience. Francine resurrects concepts like good old-fashioned hard work and determination. She shows how these sometimes-unpopular ideas are key to moving from a failure-oriented, lack luster life to an action-oriented life as a shining star of success. What's more, Francine has an uncanny ability to restore her listener's desire to once again take pride in being their best in every area of their lives.

Francine Ward is also the author of two books, *Esteemable Acts: 10 Actions for Building Real Self Esteem* and *52 Weeks of Esteemable Acts: A Guide to Right Living*. Francine owns and operates a thriving law practice. She successfully helps her clients protect their intellectual property and avoid costly lawsuits by serving their trademark, social media, website, business

and contract legal needs. She also offers affordable web-based programs to educate entrepreneurs and small business owners of their rights and responsibilities.

Francine is also heavily involved in the community. From sitting on nonprofit boards, to volunteering her time, to providing pro-bono legal services, service to others is a part of the fabric of her life--not on a part-time basis, but a daily basis.
