

Thursday, September 21st
(International Day of Peace)

On this year's Peace Across Broward Day, wear something **WHITE** to represent hope, peace and uncover the positive in our schools and communities.

We encourage schools and community members to **wear something white** to promote peace, tranquility, comfort, hope and unity. The color white makes us think of the calm, peace and serenity, provides light, gives a fresh feeling and promotes open-mindedness and self-reflection!
